RP-CCR finite observation/progress diagnostics: one reused development task
Actual goal progress; dashed = final retained tail
Net goal progress from old checkpoint (m)
Simulated elapsed time (s)
V759 greedy feedback
V764 committed observation
V767 certified release
Actual relative heading
Heading (deg)
Simulated elapsed time (s)
Full safety-certified candidates / fixed 15
Admissible actions
Simulated elapsed time (s)
Current unknown-domain hold reference; star = release
3.28 s geometric reference bound (m)
Simulated elapsed time (s)
V764 committed observation
V767 certified release
Observation trigger (scheduling only)
