V772: known-map reachability qualifies offline; sustained physical progress NOT PASSED
Actual goal progress (dashed = final retained tail)
Previous certified release
Known map: past set (B)
Known map: past + future (max B,C)
Net goal progress (m)
Elapsed simulated time (s)
Same checkpoint trajectories; x = possible-center witness
World y (m)
World x (m)
Certified actions from the fixed 15
Admissible actions
Elapsed simulated time (s)
Final rejected actions: unknown future clearance
Known map: past set (B)
Known map: past + future (max B,C)
Unchanged admission floor .155 m
Minimum lower bound (m)
Registered action index
